

Multi-State Cooperative Societies at the National Level

❖ Context

- The Union Home and Cooperation Minister informed that “the Government of India has decided to form three multi-state cooperative societies at the national level.

Key Highlights:

- The Government of India has decided to form **three national level multi state cooperative societies as under:**
 - Multi State Co. **Seed Society.**
 - Multi State Co. **Organic Society.**
 - Multi State Co. **Export Society.**
- **National Society of Organic Products** will provide unlimited opportunities to Indian farmers to fulfill the growing demand of **organic products in the world.**
 - It will also act as an **umbrella organization** for testing and certification of products and for storing, branding and selling them.
- **Multi State Cooperative Seed Society** will help farmers in production, purchase, branding, packaging and selling of quality seeds and will also help in new research and development.

- Through this society, arrangements can also be made for the protection of indigenous natural seeds which are getting extinct.

- **Multi State Cooperative Export Society** will help about 8.45 lakh societies in the country to sell their products worldwide, enhance their capabilities and make them a successful commercial enterprise.
 - This will not only increase the income of the **farmers**, but also **generate employment** opportunities.
- This decision will give new power to cooperative sector.

Multi State Cooperative Societies ACT, 2002

- An Act to consolidate & amend the law relating to co-operative societies, with objects not confined to one State & serving the interests of members in more than one State.
- To **facilitate the voluntary formation and democratic functioning** of co-operatives as people's institutions based on self-help and mutual aid.
- To enable them to **promote their economic and social betterment and to provide functional autonomy** was being felt necessary by the various cooperative societies and federation of various cooperative societies as well as by the Government.
- **In order to achieve the objective** The Multi State Cooperative Societies Bill was introduced in the Parliament.
- The bill having been passed by both the Houses of Parliament received the assent of the President on 3rd July 2002 and it came on the Statute Book as **The Multi State Cooperative Societies ACT 2002.**

NCPCR Draft Guidelines On Assessing If Minors Can Be Tried As Adults

❖ Context

- Recently, **The National Commission for Protection of Child Rights (NCPCR)** has come up with draft guidelines on the **preliminary assessment** of whether certain minors are to be tried under law as adults in particular cases, under the **Juvenile Justice (Care and Protection of Children) Act.**

Law on Trying a Juvenile as an Adult

- Earlier, all children under the **age of 18 were considered minors by the law.**
- Through an **amendment in 2015**, a provision was added to the JJ Act for trying a **child in conflict with the law** as an adult.
- Under this, a child in the **age group of 16-18 years** could be tried as an adult in case of heinous offences.
 - **Heinous Offence-** A crime for which the minimum punishment is seven years imprisonment.
- **Section 15 (1)** of the Act states that the **Juvenile Justice Board** shall conduct a preliminary assessment to determine whether to try such a child as an adult or a minor.
- The Act directs that the Board shall consider-
 - The mental and physical capacity of the child for committing the alleged offence.
 - The ability to understand the consequences of the offence.
 - The circumstances in which the offence was committed.

- After the assessment, the **Board can pass an order** saying there is a need to try the said child as an adult and transfer the case to a children's court with the relevant jurisdiction.
- If tried as a minor, the child could be sent to a special home for a maximum of three years.

Key Highlights of Draft Guidelines

- The draft says that the **preliminary assessment has to determine four aspects-**
 - **Physical Capacity of the Child**
 - To determine the child's '**locomotor**' abilities and **capacities**, particularly with regard to gross motor functions such as walking, running, lifting, throwing etc such abilities as would be required to engage in most antisocial activities.
 - **Mental Capacity**
 - To determine the child's ability to make social decisions and judgments.
 - **Circumstances in which the Offence was Allegedly Committed**
 - Psychosocial vulnerabilities of the child.
 - I.e. Life event, trauma abuse etc.

Face to Face Centres

- **Ability to Understand the Consequences of the Alleged Offence.**
 - These include what others will say or perceive him, how it might affect his personal relationships and the knowledge of relevant laws, respectively.
- **Completion of Preliminary Assessment**

- It must be within **three months of the child being produced before the Board.**
- **Responsible Entity**
 - **Juvenile Justice Board** is solely responsible for assessment.
 - It can take **assistance from child psychologists or psycho-social workers.**

News in Between the Lines

Bioenergy Summit

❖ Context

- Minister of Petroleum and Natural Gas & Housing and Urban Affairs, will address the 11th edition of **Confederation of Indian Industry's (CII)** flagship event "**Bio Energy Summit 2023**" on 12th January, 2023 in New Delhi.

❖ Key Highlights:

- The Summit with **the theme "Energy Transition- Solution for a Sustainable Tomorrow"** will provide an opportunity for Innovators and a way forward for Clean & Green Energy Solutions for future.
- The summit will also dwell upon **the relevance of biofuel** in the overall sustainability agenda.
- **More than 500 delegates** including CEOs, policy makers, academia & researchers, innovators, diplomats, and investors are expected to join this.

❖ About CII:

- **CII is a non-government, not-for-profit, industry-led & industry-managed organization.**
- **CII serves as a reference point** for Indian industry & the international business community.
- The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, **partnering Industry, Government and civil society, through advisory and consultative processes.**

Global Entrepreneurship Monitor India Report

❖ Context

- Union Minister of MSME chaired the 19th meeting of the **National Board of MSME (NBMSME)** held in New Delhi.

❖ Key Highlights:

- Union Minister released the **Global Entrepreneurship Monitor (GEM) India Report 2021-22** and **launched the Formalization Project.**
- **The Ministry of MSME signed** Memoranda of Understanding for Formalization Project with Small Industries Development Bank of India.

❖ Global Entrepreneurship Monitor (GEM):

- The Global Entrepreneurship Monitor (GEM) **is an international project** which seeks to provide information on the entrepreneurial landscape of countries.
- **GEM carries out survey-based research** on entrepreneurship and entrepreneurship ecosystems around the world and is being **led by Entrepreneurship Development Institute of India, Ahmedabad.**
- As per Report, **India's entrepreneurial activity expanded in 2021**, with its total Entrepreneurial Activity rate (percentage of adults (aged 18–64) who are starting or running a new business) **increased to 14.4% in 2021, up from 5.3% in 2020.**

Section 6A of the Citizenship Act, 1955

❖ Context

- Recently, a Supreme Court Constitution Bench, while hearing **petitions challenging Section 6A of the Citizenship Act**, said it would first decide whether the provision is constitutionally valid before proceeding to other issues raised in the pleas.

❖ Section 6A of the Citizenship Act, 1955

- **About**
 - Section 6A was a special provision inserted into the 1955 Act in furtherance of a Memorandum of Settlement called the '**Assam Accord**'.
 - It was **signed on August 15, 1985** by the then Rajiv Gandhi government with the leaders of the Assam Movement.

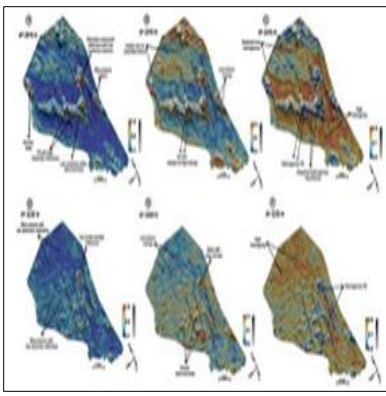

Face to Face Centres

Citizenship Act 1955

- Its objective was to **preserve and protect the Assamese culture, heritage, linguistic and social identity.**
- The Accord came at the end of a six-year-long agitation by the **All Assam Students Union (AASU)** to identify and deport illegal immigrants, mostly from neighbouring Bangladesh, from the State.
- **Provisions**
 - Under Section 6A, foreigners who had entered Assam before **January 1, 1966**, and been “ordinarily resident” in the State, would have all the rights and obligations of Indian citizens.
 - Those who had entered the State between **January 1, 1966 and March 25, 1971** would have the same rights and obligations except that they would not be able to vote for 10 years.
- **Petitioners Argument**
 - They argued that the special provision was in violation of Article 6 of the Constitution, which fixed the cut-off date for granting citizenship to immigrants at July 19, 1948.

Exploration Of Hydrocarbons

- ❖ **Context**
 - Decoding depositional environment of subsurface sediments in **Dibrugarh field of Upper Assam basin**: An aided tool for exploration of Hydrocarbons.
- ❖ **Key Highlights:**
 - **Using 3D seismic data**, scientists have traced how the depositional history of sediments in a basin can be deciphered by using 3D seismic data.
 - This can pave the way for the **exploration of hydrocarbons** and provide insights to **geo- or seismo-tectonics of the area.**
 - **The Upper Assam basin** in NE India is surrounded by the Himalayan Mountain belt in the north, Naga Hills in the south, and Mishmi Hills in the east.
 - **Most of the sediments belong to the Tertiary period** (66 - 2.5 million years ago) and recent alluvium cover.
 - This research was carried out by **Seismic Interpretation Laboratory (SIL)**, Dehradun, and is published in the journal of **Geological Society of India.**

Scheme For Promotion Of Rupay Debit Cards And BHIM-UPI

- ❖ **Context**
 - In a bid to **boost digital payments** in the country, the Union Cabinet scheme for promotion of **RuPay debit cards and low-value BHIM-UPI transactions.**
- ❖ **Key Highlights:**
 - Under the scheme, **acquiring banks will be provided financial incentive**, for promoting Point-of-Sale and e-commerce transactions using RuPay Debit Cards and low-value BHIM-UPI transactions for the current financial year FY 2022-23.
 - This incentive scheme will **facilitate building of a robust digital payment ecosystem** and promoting RuPay Debit Card and BHIM-UPI digital transactions.
 - The scheme will also **promote UPI Lite and UPI 123PAY** as economical and user-friendly digital payments solutions.
 - **Earlier various stakeholder** in the digital payments systems and the **Reserve Bank of India (RBI)** expressed concerns regarding potential **adverse impact of the zero MDR** (Merchant Discount Rate) regime on the growth of the digital payments ecosystem.
 - **UPI has achieved a record** of 782.9 crore digital payment transactions with a value of ₹ 12.82 lakh crore in the month of December 2022.

Very Short Range Air Defence System or VSHORAD (IR Homing) Missile System

- ❖ **Context**
 - Recently, The **Defence Acquisition Council (DAC)** accorded Acceptance of Necessity (AoN) to procure the **Very Short Range Air Defence System or VSHORAD (IR Homing) missile system.**
- ❖ **Key Highlights:**
 - VSHORADS is a **man portable Air Defence System (MANPAD).**
 - It is **designed and developed indigenously by DRDO's** Research Centre Imarat (RCI), Hyderabad, in collaboration with other DRDO laboratories and Indian Industry Partners.
 - It is **meant to kill low altitude aerial threats** at short ranges.

Face to Face Centres

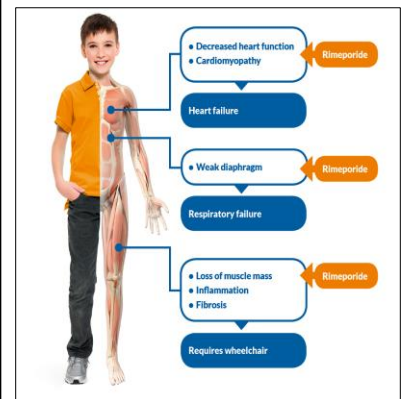

- **Technical Features**
 - It is propelled by a dual thrust solid motor.
 - The missile incorporates many novel technologies including **miniaturised Reaction Control System (RCS)** and integrated avionics, which were successfully proven during the tests conducted last year.
 - The DRDO has designed the missile & its launcher in a way to ensure easy portability.
- **Significance**
 - It can be **deployed quickly in rugged terrain** and maritime domain.
 - They will be a **critical air defence missile** for the forces, even for an all-equipped infantry unit, and will be the **best option for mountain warfare**.

Prithvi II

- ❖ **Context**
 - Recently, India successfully carried out a test launch of tactical ballistic missile Prithvi-II from a test range off the Odisha coast.
 - The missile struck its target with high accuracy.
- ❖ **About Prithvi II**
 - Prithvi was **developed by the DRDO** under the **Integrated Guided Missile Development Programme**.
 - Prithvi-II is a **nuclear-capable surface-to-surface missile**.
 - It is powered by light propulsion twin engines.
 - It has a range of around **350 kilometres** and can carry **500-1,000 kg of warheads**.
 - It uses an advanced inertial navigation system to strike the set target.
 - The Prithvi-II was earlier successfully test-fired during night hours in 2018 and in 2019.
 - Prithvi-II missile, which is a well-established system, has been an **integral part of India's nuclear deterrence**.

Duchenne Muscular Dystrophy

- ❖ **Context**
 - Researchers in India are working on developing an affordable treatment for a rare and incurable genetic disorder called **Duchenne Muscular Dystrophy with over 5 lakh cases in the country**.
- ❖ **Key Highlights:**
 - Duchenne Muscular Dystrophy (DMD) is the **most common and fatal** type of muscular dystrophy.
 - DMD is affecting roughly **one in 3,500 boys**.
 - It is marked by **progressive muscle degeneration and weakness** due to alterations of a protein called "dystrophin" that helps keep muscle cells intact.
 - It causes **gradual loss of muscle tissue** and function eventually leading to wheelchair dependency at approximately the age of 12 years, requirement for assisted ventilation at approximately the age of 20 years and eventually premature death.
 - Muscle weakness is the principal symptom of DMD.
 - It can **begin as early as age 2 or 3**, first affecting the proximal muscles (those close to the core of the body) and later affecting the distal limb muscles (those close to the extremities).
 - The condition is **predominantly seen in boys**, but in rare cases, it can also affect girls.
 - The current therapeutic options available to treat DMD are minimal and highly expensive and mostly imported from abroad.
